

Peach City Men's Shed Association

Constitution

The Peach City Men's Shed Association (the "Association") is organized and operated exclusively as a non-profit organization.

The purpose of the Association is to promote, enhance and support men's mental and physical well-being by providing a safe and supportive social hub for men in the community. The primary goal is to combat loneliness, isolation, and depression by fostering meaningful connections and strengthening relationships through shared activities. The Association serves as a welcoming place where men of all backgrounds can meet, chat and develop friendships while contributing to the community through collaborative projects and initiatives.

Upon dissolution of the Association, any remaining assets will be distributed to one or more non-profit societies, charitable organizations, or public institutions in British Columbia with purposes similar to those of the Association.
